Presidents Report

- State Championships Round 2 / CAFNIX Series Round 1 ran at the East Circuit with a total of 62 entries including 11 for bLU cRU/Juniors. Overall the meeting was a success with a number of learnings taken away to be applied to future meetings both at other tracks and specifically at the East Circuit. Thank you to all who attended, and to all our volunteers and Race Officials for making it happen.
- First running of the Adelaide 2 Hour Endurance events, the Anytime Fitness Lightweight 2 Hour taking the spotlight this year with the most entries and some great success amongst our youngest competitors.
- Great attendance at the prize giving ceremonies both days, awesome to see the club spirit alive and well – thanks again to Julia, Jenny and Daniel for running the BBQ on Saturday and to Remo for pulling out the wog BBQ on Sunday and taking care of cooking!
- Forward focus moves to finalising details for the Brackets meeting in September – supp regs have been finalised and are ready to go to Road Race Panel for review.
- Only two more public ride days at Mallala til the end of the year.
- CAFNIX points for Round 1 to be recalculated as some errors found in data used by Computime meant that some riders were not scored as CAFNIX members.

Secretary's/Race Secretary Report

- Supp regs in development for September Brackets round
- MSA affiliation agreement submitted
- Communication with SAFMA regarding payments for assistance at race events.
- Thank you to all the volunteers who helped the event run well, and to all the riders for competing! We know the East Circuit is a challenging event to run due to logistical problems.
- Apologies to riders for missing out on the Feature Races due to running long on Saturday but we are actively working on solutions for future meetings.

THANK YOU TO ALL OF OUR VOLUNTEERS
& OFFICIALS

East Circuit – Race Meeting Debrief

What worked well...

- Strong contingent of volunteers – all positions filled in advance and with enough coverage to make up for people who weren't able to make it.
- Hire toilets were excellent – LooLaLa
- Food supplied for volunteers – Bradleys Bakery
- Prizegiving / Presentation BBQ
- Assistance with event “tear down” post racing on Sunday – lots of people chipping in/asking/offering to help out.
- Tyre Changing – MotoJet Garage saved us at the last minute and did an amazing job – thanks to those that made use of their service.
- TBMP supplying radios & headsets and arranging drop off/return each day.
- Pit entry/exit on 2 Hour Races was really good.

East Circuit – Race Meeting Debrief

What didn't work well/needs improving...

- Turnaround time between races took too long – riders not ready / 5 min call could be tighter.
- **Not having 2 minute call**
- **Not having a PA that everyone could hear**
- Designation of CAFNIX members in Computime data only confirmed on the day – too late
- Scrutineering could/should have been done on Friday for racers.
- Sign on sheets & scrutineering sheets not ready prior to Saturday – sign in staff not fully briefed on requirements in advance
- Assistance with Flaggies eskies in the mornings – shouldn't fall to one person to organize.
- Differing instructions between supp regs/final instructions on pit setup for Endurance Races
- **Running endurance races on a State Championship weekend.**
- Riders taking their time on the out lap – long circuit – need to get to startline ASAP
- Communication with TBMP staff regarding wrist bands & payment availability
- Radio Comms – didn't find out/work out til Sunday that we had issues with comms, resolved by changing to a different frequency/band then it worked flawlessly.
- Double entries in Reece Bancell / Steve Martin – also non eligible machines entered.
- Miscommunication regarding Trophies – only CAFNIX Trophies asked for made.
- Not using of course car in Lightweight 2hr to allow bike/rider return to pits.

General Business

- *Need to get more people onboard at Level 1 Officials – via MSA/Ridernet online course to get test done, approx. 1hr, followed by in person 2 Hour session at MSA*
- *Rolling grids?*
- *Comptime Data – errors in data for Sunday, also for Cafnix memberships*
- *Rider Gradings - qualify what the requirements are for B and A grade – and ensure that rider grading list is current and ready for review and update in October.*
